

FRANCE & COLONIES PHILATELIC SOCIETY

Winter Auction : Saturday 12th January 2019

Requests for viewing of individual lots by email scans to be sent by 10 January to **Steve Ellis**, Enquiries welcome, preferably via e-mail Steve@homestead75.co.uk or by phone 01782 208669.

As usual, I try to start the auction with mini-collections from vendors which offer something a little different. Apart from separate sections of railway and military material, other specific interests are mixed into the general postal history sections so do go through them carefully. Stamps are in four groupings. Please remember, unsold lots are listed on the society website one week after the auction closure.

Couldn't resist adding these last four items to get to 500 lots! Hope you've stayed with me until the end of the auction. It's been hard work putting this one together but I hope you agree it's been worthwhile. There's a fair amount of unusual material, as well as more usual run of the mill things. Don't forget, bid early – tied bids (of which there are some each auction) go to the first bidder. Steve.
