The society is still able to provide a wide range of benefits and services to our members to promote and encourage the enjoyment and study of French philately and postal history. That does depend on support from members and any offers to help would be much appreciated.

Meetings with good quality displays are held throughout the country. It would be good to see more taking advantage of these. That is how one learns so much to help with one's own collection. That it may not be your own particular subject is not really relevant there is so much to gain from seeing how others do and present material. Nor should the social element be under estimated!

Some foreign members have indicated that they would be happy to receive the journal and other information in electronic format. That would avoid the need for expensive overseas postage. If any foreign members would like that then the subscription would be the same as for UK members: £16.00. In such a case simply let me know and I will arrange for everything to be sent by email in pdf format in future. Where this arrangement is already in place just send a subscription payment of £16.00.

Chris Hitchen
